Climate Change Activities Worksheet (To supplement the training video)

Please answer the following questions in your own words for the video you watch:

Sink or Source

What is carbon? (pretend you are explaining it to a 10 year old)

Explain what a carbon sink is and what a carbon source is:

How are humans creating an imbalance in the carbon cycle?

Besides turning lights off, what is one way to reduce our carbon footprint? (Try to go beyond the basics!)
